

# CIS JUNIOR — LICENSES AND MODULES

CIS Junior is a suite of academic planning and career exploration tools for middle school students in fifth - eighth grades. Using CIS Junior, students can expand their self-awareness and career exploration, plan for high school, create personalized learning plans and store personal reflections and favorite occupations in a transferable online portfolio.

CIS Junior also advances general educational goals of reading, writing, decision-making and critical thinking.

## CIS Junior Basic License *includes:*

- Over 50 developmentally appropriate career and life-planning activities and lesson plans.
- More than 570 occupation files written at a sixth-grade reading level.
- The interactive Reality Check module.
- Information about post-secondary training options.

## CIS Junior Power License *includes:*

- Everything described in CIS Junior Basic License.
- An interest inventory that uses experiences common to middle-school students.
- A resume template.
- A six-year course planner to outline high school courses.
- Personalized portfolios in which students can save the results of their exploration, reflect on their career plans with personal annotations and upload files.
- Site administration tools giving you the ability to track and manage student progress and graduation goals.

## Optional Modules *include:\**

- Dependable Strengths — a six-step process that helps identify the unique combination of core skills, abilities, qualities and traits students enjoy using.
- IDEAS™ — a short interest inventory designed to be an introduction to career exploration.
- Peterson's Practice Test Packages — a variety of authentic academic and civil service tests to help students identify which skills or study areas need improvement.

**\*Only available to sites with a CIS Junior Power license.**
